

Counties Voted Millions More by Legislators

By JOHN R. STARR

LITTLE ROCK (AP)—Highway Director F. R. Oliver told the Legislative Council today his department desperately needs approval of pay increases for professional positions so it can compete with the federal government for qualified engineers.

Oliver presented a record \$196 million budget request to the council.

He said the Highway Department only expects to get and spend \$92.3 million in fiscal 1964 and \$94.6 million in 1965 but it needs the higher appropriation to assure that it can spend any additional revenues which might come in, either in the form of federal aid or unexpected increases in road user tax revenues.

Neither Oliver nor any council member mentioned the council's action of Wednesday in granting an additional \$3 million from highway revenues to the counties. The Highway Department has announced its opposition to this move.

Oliver presented a glowing picture of progress in highway construction. He said that Arkansas was one of 15 states which had used all available federal matching funds as of last June 30.

But he warned of problems to be met in the future. One of the largest of these, he said, will be an annual outlay of \$4 billion for maintenance of the interstate system once the 500-mile highway network is completed in 1972.

As of now, Oliver said, all maintenance must be paid entirely with state funds, but he expressed a hope that federal laws would be changed to provide for government matching money.

Salary increases requested by the Highway Department ranged from \$4,000 a year for Oliver down to \$300 a year for grade 12 professional workers who now make \$6,700.

Oliver's salary now is \$18,000. Oliver said the department expects to spend \$66.3 million for construction in 1964 and \$68.9 million in 1965. An additional \$3 million a year will be spent for maintenance of existing highways.

Oliver reported that Highway Department income from state sources reached a record \$57.8 million last year, of which 60 per cent or \$34.7 million went into the state highway fund.

It is from this fund that the additional \$3 million for counties will come if the legislature approves the council's recommendations.

The commission approved the \$21 million increases in the counties' share of highway revenues without debate Wednesday.

The opposition to diversion of additional money was expressed to the council's Roads and Highways Committee Tuesday.

Rep. Marion Crank of Little River County, chairman of the committee, told the council his group did not oppose the increase from the highway fund. The committee, he said, was undertaking a study of how additional revenues for county roads could be

Blow Is Fatal

In the Death Sunday of Adam Justice 31, of Pike County, Ky., Authorities said Key and Justice had an argument on a Cotton Wood Point, Mo. farm and Key struck Justice on the head with an ax. Key was held in the Pemiscot County jail officers said, without bail. No trial date has been set.

Hotel Man Dies

FORT SMITH, Ark. (AP)—Drake J. Volker, 60, died Wednesday at Fort Smith. He was a past president of the Arkansas-Kansas-Missouri-Oklahoma Hotel Association, a member of the board of the Arkansas Automobile Association and past president of the Fort Smith Chamber of Commerce. He had managed a hotel here since 1937. He was a native of Springfield, Mo. He is survived by his widow, a daughter and one sister.

Dimes Poster Boy Very Experienced

LITTLE ROCK (AP)—Jimmy Boggess of Coy Ark., 1963 National March of Dimes poster boy, is young lad with a lot of experience.

He has found cowboys in his home state after seeing none in Texas, met a major league umpire who had the same last name, made films with movie stars and collected a kiss from actress Juliet Prowse.

He is a little scared of Disneyland, but loves to visit the cockpits of airliners and says smilingly, "I think I could fly a plane. Maybe some day I will."

This is the cheerful philosophy of the five-year-old polio victim is carrying as his part in the fight against the crippling disease.

Jimmy has been visiting numerous states in his role as poster boy, but finds time to sandwich in pleasure excursions.

He uses the frank, youthful ways of banter to convey his impressions, such as answering a television star's query whether he watched her show with, "I do, but mommy doesn't."

"His eyes got this big," when Miss Prowse kissed him in New York, his mother said, indicating the size of a silver dollar. Jimmy says he really likes Disneyland, but wouldn't go inside a storybook whale because he was "afraid the whale would swallow him."

He has worked in films with Jane Wyatt, Cora Williams and Neville Brand and chattered with Mayor Robert Wagner of New York and his wife.

Jimmy will leave Arkansas Dec. 13 for New York, Boston and Connecticut for pre-campaign meetings. He will see the Gotham Bowl football game as honor guest and has a tentative invitation to a pre-Christmas party aboard an atomic submarine.

At Shreveport, La., major league baseball umpire Dusty Boggess went to the airport to see Jimmy.

"I just wanted to meet another Boggess," Boggess said.

Little Rock Crime Rate Very High

By GEORGE F. BARTSCH

LITTLE ROCK (AP)—Statistics released here today by the Federal Bureau of Investigation indicate Little Rock's crime rate increased more than four times faster than the national rate during the first nine months of 1962.

Serious crime in the United States continued its upward trend by registering a five per cent increase compared to the corresponding period in 1961.

The crime rate in Little Rock between January and September soared 21 per cent above the totals for the entire 12 months of 1961.

"We had expected it," said Police Chief R. E. Glasscock, "we have enjoyed such a wonderful average while everyone else was increasing during the past few years that the only way we could go was up."

Glasscock said crime in the capital city had increased at a modest rate, "less than the national average," for at least the past two years.

This year, cities with populations of 100,000 to 250,000 showed an overall increase of four per cent.

Percentagewise, Little Rock's biggest increases were in grand larceny (33 per cent) and robbery (20 per cent).

There were 566 cases of grand larceny in 1961 while the first nine months of this year saw 753, an increase of 187. There were 50 robberies in 1961, compared to 60 during the nine-month period this year.

Robbery rose five per cent nationally while grand larceny went up six per cent. Robberies decreased one per cent and grand larceny was up five per cent in cities with populations comparable to Little Rock.

Nationally, the biggest crime rise was a seven per cent in auto theft. The same crime in Little Rock increased eight per cent, while cities with a like population had a rise of four per cent.

There were nine cases of murder or non-negligent manslaughter in Little Rock last year, and nine cases had been recorded as of September of this year. The same crime was up one per cent nationally and four per cent in cities with like population.

There had been only one more case of aggravated assault in Little Rock as of September than there was in 1961 when 31 cases were reported. The crime was up four per cent both nationally and in similar cities.

Forcible rape decreased from 10 to 9 in Little Rock, but rose two per cent nationally and 10 per cent in cities with comparable population.

There were no overall decreases in crime nationally, although rural counties registered a decrease of two per cent.

U.S. Action May Soon End Space Strike

BURBANK, Calif. (AP)—President Kennedy's swift recourse to the Taft-Hartley Act raises the probability that the strike against Lockheed Aircraft Corp. will be halted soon — perhaps within a week.

In the meantime, says the union, work on the vital missile and plane projects has been halted. But the firm says work is continuing.

Only hours after the International Association of Machinists struck the giant aerospace firm Wednesday, the President invoked the labor act, saying the strike would "imperil the national health and safety" if permitted to continue.

Kennedy appointed a three-man board to look into the dispute and report to him no later than Monday.

On the basis of that report, the President will decide whether to ask federal court for a Taft-Hartley injunction, which would suspend the strike for 90 days. New efforts to reach agreement could be made during this "cooling-off" period.

News files indicate a presidential request for such an injunction has never been denied.

The chairman of the President's three-man board is Prof. Arthur M. Ross, director of the University of California Institute of Industrial Relations. He announced shortly after his appointment the board will meet in Los Angeles Friday with Lockheed and union representatives.

The principal unresolved issue is whether Lockheed employees in California, Florida and Hawaii will be permitted to vote on a union shop proposal. Under a union shop, all eligible workers have to join the union to keep their jobs.

A special board appointed by the President earlier this year recommended that union shop elections be conducted at aerospace firms. But Lockheed refused to allow such an election, saying it was unilaterally opposed to any form of compulsory unionism.

The machinists said they would accept no contract until a union shop election was held. President Thomas McNett of Machinists' District 727 said Wednesday that "when the (Taft-Hartley) injunction is invoked we will make every effort to obtain the type of contract that we sought in our prolonged negotiations and, if unable to obtain it, we will strike again."

Lockheed Vice President John Canaday said the company would "welcome use of Taft-Hartley."

If a Taft-Hartley injunction is issued, Lockheed's latest contract offer could be submitted to a compulsory vote of workers in the bargaining unit represented by the machinists. Both union and non-union workers would vote.

Lockheed called for such a vote last Saturday, when it submitted an offer providing for wage increases of about 25 cents hourly, spread over three years. Average pay under the old contract was \$2.95 an hour.

In California, the strike affects Lockheed-California Co. plants at Burbank and Palmdale, and Lockheed Missile & Space Co. facilities at Sunnyvale, Van Nuys and the Missile Test Center at Vandenberg Air Force Base.

Also affected are the Cape Canaveral Missile Test Center in Florida and Lockheed Tracking Station at Honolulu. At Cape Canaveral, only the Polaris missile project, among dozens of missile-space programs, appeared to be seriously affected by the walkout.

A&M Defeats Louisiana Team

MONTICELLO, Ark. (AP)—Arkansas A&M defeated Northeastern (La.) College Wednesday night 83-73 in two overtime periods.

It was the first loss of the season for the visitors. A&M played its opener.

Northeastern led 31-30 at halftime but the regulation game ended in a 62-62 tie. Each team scored four points in the first extra period, tying the game 66-66.

The Arkansas pumped in 17 points to Northeastern's seven in the final period.

The lead changed hand 16 times and the score was tied 3 times. Solon Mobley scored 28 points to lead A&M and Stuart Toms had 17 as high man for Northeastern.

STRIKE LOCKHEED — Union pickets march in front of the main gate of Lockheed's Burbank, Calif., plant after union members struck the aerospace firm's nationwide plants. Negotiations between the International Association of Machinists and Lockheed broke down Tuesday.

TOP HONORS — J. C. St. John Jr., 15, of Redfield, Ark., is crowned by Virginia State Fair Queen Donna Raffitt after he received top honors at the 41st annual 4-H Club Congress in Chicago. St. John won the state tractor contest at the congress.

Opponents Offer Annex Proposal

PINE BLUFF, Ark. (AP)—An appeal from an annexation suit ruling may be withheld if residents of the area being taken in Pine Bluff are given city services immediately, opponents of the annexation said Tuesday.

But Mayor Ofie Lites said it would be 30 days before the city could take official action. That is the period allowed for filing the appeal.

Some services, such as fire protection, could be given immediately, Lites said, but others would take time.

W. S. Rogers, who lives in the annexed area, said if full services weren't provided within 25 days opponents planned to appeal.

The city won a ruling Monday that it had met all legal requirements for annexation of a 7.5 square mile area.

Tie for Big 9 Scoring Honors

By THE ASSOCIATED PRESS

Fullback Barry Hughes of Blytheville and quarterback Gordon Norwood of Pine Bluff nearly tied for scoring honors in the Big Nine Conference football race this year.

Hughes scored 60 points to take the lead. Norwood had 59.

Hughes got his points on eight touchdowns and 12 extra points. Norwood scored seven touchdowns and 17 points after, statistics released Wednesday by the Arkansas Athletic Association showed.

The Class AA scoring title went to Chuck Latourette of Jonesboro, who had 126 points on 21 touchdowns. Jimmy Leonard won Class A honors with 131 points and Richard Coleman of Holly Grove, Class B with 121.

The eight-man league scoring title went to Larry Shaffer of Greenland, who had 120 points.

U. S. Savings Bonds sales of \$14,187 during the month of October brought the year to \$150,161 which is only 54.6 per cent of the \$275,000 quota ... Howard County sales were \$4,443, the \$6,112 which is which is 56.3 per cent of the \$135,000 quota ... Lafayette County sales amounted to \$1,219, the year's total is \$40,531 which is 58.8 per cent of the \$83,000 quota ... Nevada County sales were \$3,250, which brought the year to \$83,958, making the percentage 73 of the \$115,000 quota.

Wreck Causes Power Failure

EL DORADO, Ark. (AP)—The driver of an auto that smashed into a power pole Tuesday night in El Dorado, throwing the southeastern section of the city into darkness for about 30 minutes, was found Wednesday by police.

Police said Ervin Henry, 51, of El Dorado, told them he passed out after the accident, and was taken home by a passing motorist. No charges were filed.

The power failure also affected Junction City, southeast of El Dorado.

JFK Seeks to Ease Tension in All Areas

By JOHN M. HIGHTOWER

WASHINGTON (AP)—President Kennedy wants to get first-hand facts from Soviet First Deputy Premier Anastas I. Mikoyan today on whether Premier Khrushchev now wishes to move beyond the Cuban crisis and ease U.S.-Soviet tensions on other issues.

The President is unlikely to get a clear response to his probing, officials said, but he may obtain a better personal impression of the future course of Soviet policy.

Kennedy is scheduled to confer with Mikoyan late today. Mikoyan, who has completed weeks of talks with Cuban Prime Minister Fidel Castro, was due to arrive here from New York shortly before noon.

The Soviet trouble-shooter intends to remain until Friday. Thus he may return to the White House for another conference if progress is made in his meeting with Kennedy today.

Mikoyan will also confer with other administration officials. Secretary of State Dean Rusk has invited him to leave Friday and Secretary of the Interior Stewart Udall will be host at a dinner tonight at Udall's home. Mikoyan was one of Udall's hosts last summer when the secretary toured the Soviet Union.

The President was expected to emphasize to Mikoyan that the United States will either get international safeguards for the removal of Soviet nuclear weapons from Cuba or it will continue its surveillance indefinitely.

He was also expected to stress heavily that his no-invasion pledge does not mean U.S. acceptance of protection for the Castro regime. It means, officials said, that the United States does not choose to try to destroy Castro by military means but will use such means if necessary in response to any Cuban aggression.

Khrushchev sent Mikoyan to Havana Nov. 3. He came back to New York last Monday, having spent a little more than three weeks on a mission he never explained to U.S. officials and about which they are still mystified. If he was trying to get Castro to accept international inspection in Cuban territory, he failed.

While he was there, however, the Soviet government did remove 42 nuclear missiles from Cuba under partial U.S. scrutiny and Khrushchev promised a week ago that in 30 days he would take out nuclear-capable IL28 jet bombers. There are 30 or more of those aircraft in Cuba.

It was indicated that Kennedy would decide as he went along how to handle the Mikoyan conference. The talk could prove to be of considerable importance, particularly in its direct bearing on future U.S.-Soviet relations over Cuba.

Presumably Mikoyan decided to come here upon instructions of Khrushchev. Since he was forced to back down in Cuba, the Soviet premier has thrown out a number of hints or comments about extending an improvement in U.S.-Soviet relations into other fields. But there have been no concrete moves.

Glittering Field at Palm Beach

WEST PALM BEACH, Fla. (AP)—A glittering field of more than 500 tees off today in the 72-hole \$20,000 West Palm Beach Golf Tournament.

The presence of Jack Nicklaus, U.S. Open winner; Bo Wingner, who captured last week's Orlando Open; Doug Sanders, Dow Finsterwald and other top pros confounded pre-tournament efforts to pick a favorite.

Nicklaus thrilled a pro-amateur tourney gallery Wednesday with putts of 20 and 25 feet but settled for 70 on the 6,800-yard par 36-72 West Palm Beach Country Club layout.

U.S. Railroads Plan to Fire Extra Firemen

CHICAGO (AP)—The nation's railroads steamed ahead today with plans to eliminate 65,000 so-called featherbed jobs as union leaders sought a way to sidetrack the drastic work cuts.

The carriers were given another green light Wednesday by the A.S. Circuit Court of Appeals in their fight to eliminate jobs they claim are unneeded and effect a saving of more than \$592 million a year.

Leaders of five operating rail unions, representing the men who actually man the trains, studied the decision to map plans for the next move in the dispute which began in 1959.

Three Appeals Court judges upheld an earlier ruling in U.S. District Court that a union injunction suit to stop the carriers from effecting the rules changes did not properly state a cause for a permanent injunction.

The judges also ruled that a temporary injunction issued by U.S. District Court Judge Joseph Sam Perry in October, preventing the rules changes until the Appeals Court acted, was proper.

Charles Luna, president-elect of the Brotherhood of Railroad Trainmen, said his union plans to take the case to the U.S. Supreme Court.

Luna said the five unions—firemen, engineers, trainmen, conductors and switchmen—will meet Monday in Washington to decide on their next joint move.

The unions previously have threatened to strike if the work rule changes are instituted by the railroads. Such a strike could spark a major rail labor crisis.

However, observers in the Appeals Court pointed out that the current ruling has built-in delays which could mean more months of courtroom maneuvers.

One possible reaction in the dispute is the appointment of an emergency board by the President. Such a move by President Kennedy, under terms of the Railway Labor Act, would postpone both rule change and strike for 60 days, possibly longer.

Wednesday's opinion said evidence indicated the carriers in 1961 paid \$592,032,000 in costs and wages "for unneeded employees oraying redundant positions pay for time not worked," compensation that was not commensurate with the value of services rendered, and the cost of owning and maintaining equipment and facilities "for superfluous jobs."

The court observed that the public interest was involved. The judges also criticized the unions for threatening a walkout which could lead to a "national transportation paralysis."

Under the rules changes the jobs of 40,000 firemen who work on diesel locomotives and 25,000 train and yard workers would be lopped off.

The five brotherhoods represent 210,000 train employees on 195 railroads.

Foreign Dogs Win Titles

BOONEVILLE, Ark. (AP)—Safari, a pointer owned by S. H. Vredenburg of Albany, Ga., and Montgomery, Ala., displayed tireless running and efficiency Wednesday to win the Southwestern Bird Dog Championship.

The white and orange pointer male had two excellent coveys finds on quail.

No runner up was named. John S. Gates of Leesburg, Ga. guided Safari to her fifth championship. Gates has had 61 open championships in his 30 years of dog handling.

Home Agan Hatfieldodeocontact on quail during her two-year run. She is owned by Mrs. G. B. Oliver of Little Rock.

Rifle Smoke, a male owned by Herb Holmes of Springfield, Ill., and Camelot, a male owned by Vredenburg and handled by Gates, each had one unproductive point and one find.

All the finalists were pointers. Hadlers considered the Southwestern, sponsored by the Arkansas Field Trial Association, within the top five most important events in the country.

Observations of Sidewalk 'Plato'

By HAL BOYLE

NEW YORK (AP)—Sidewalk observations by a Pavement Plato:

The two most widespread ailments among mankind are tooth decay and the common cold.

But the most prevalent disease among American middle-aged men today is a comparatively new one known as "pensionitis."

Tooth decay can be treated and the patient with a common cold can at least be made comfortable while his malady runs its course. But so far there doesn't seem much that can be done for a person in the throes of pensionitis.

Pensionitis is characterized by an acute delusion that life is better without work. The victim hables endlessly about how much greener the pastures will be when he is 65, gives up his job, and no one will tell him what he has to do. Usually he also makes wild and impossible plans about how he is going to enjoy his final freedom.

The disease is mildly noticeable in men of 35 deepens in intensity in those over 40, and in men past 50 or 55 often becomes a kind of frenzy.

However, in recent years pensionitis has spread rapidly among younger segments of the population. Personnel directors report more and more young college graduates are as interested in the company's pension program as in its opportunities for executive advancement.

Except among the rock 'n' roll set—no one really can understand what they talk about, or cares—pensions are by far the most popular conversational topic anywhere in the land. Yes, far more popular than old standbys like baseball, politics, the weather, and whether the man next door beats his wife.

If you doubt this, the next time you go to a cocktail party step to the center of the room and announce in a loud, clear voice:

"My company has just put in a whopping new pension program and, boy, is it a good one!"

You will find this is a far better way to become the life of the party than your head or sat down to the piano and rippled through a Mozart concerto. Everyone will flock up

Counties Voted

Continued From Page One

Whether the highway Department will oppose the increase when it comes up for a vote in the legislature is not known, Crank said.

Crank said the money would be used to implement Act 149 of 1959, which would create a system of state aid county roads. The Highway Commission had proposed Tuesday that either a system of farm to market roads be created under the act or that county roads be broadcast into the state highway system.

The budget approved by the council Wednesday did not stipulate how the funds were to be spent.

Crank said the funds would be used for major improvements on county roads and on construction of new roads and not simply for maintenance.

In other action the council heard William Fleming, assistant director of the Arkansas Municipal League, argue for a \$13,075,000 allocation to the city turnback fund each of the next two years.

Gov. Orval F. Faubus has recommended an annual appropriation of \$10,165,000 for 1963-64 and \$10,645,000 for 1964-65. The cities got \$8,325,000 last year.

No action was taken on the request, though Rep. Paul Van Dalsen of Perry County asked Fleming several needling questions. Dalsen is a long-time champion of rural interests.

The council is expected to eventually approve Faubus' recommendations.

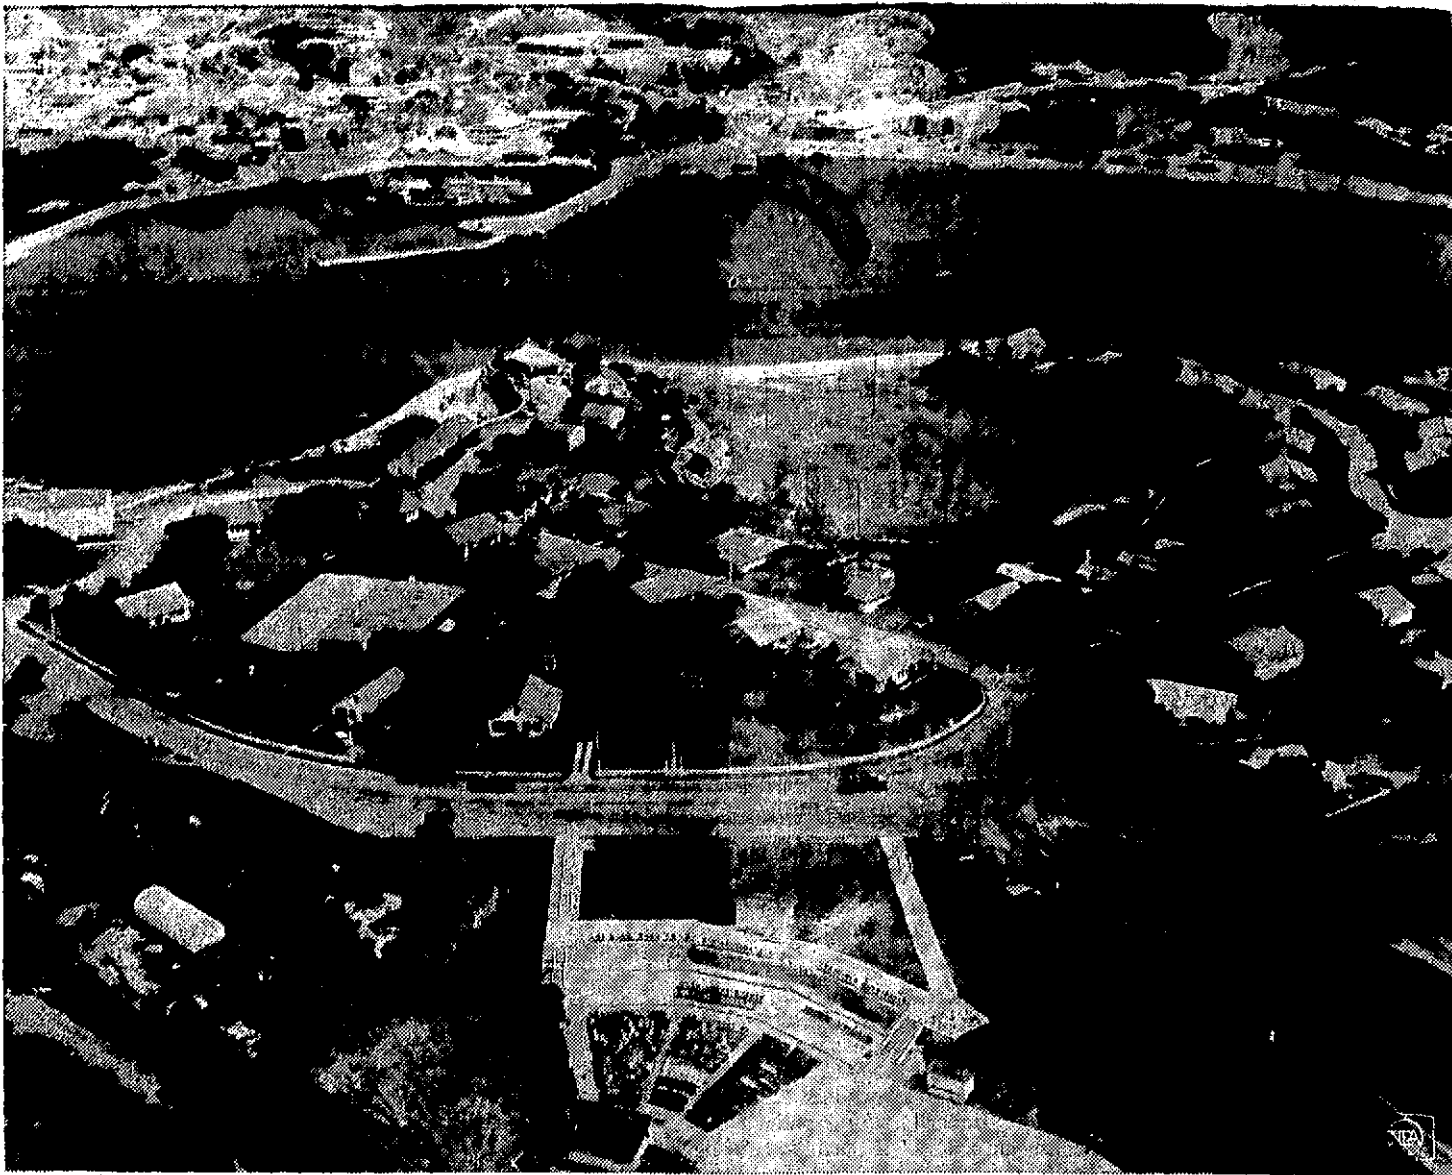

In approving a \$63.5 million budget to the state Education Department, the council pared Commissioner Arch Ford's requested salary increase for a second straight time. Ford had asked for an increase from the \$10,800 a year he now draws to \$12,600. Faubus approved a pay rate of \$12,000. The council cut Ford back

to hear your good news. The present preoccupation with pensions is a rather sad reflection of something basically wrong with our times.

Man has always yearned for security in an insecure world, and for too long he feared old age because for many it meant making the lonely journey over the hill to the poorhouse, or being dependent on the charity of his children.

Social Security and the spread of pension programs throughout our economic system are doing much to wipe out that fear and to give the elderly financial independence.

But the trouble with pensionitis is that it makes a pension not an end reward but the actual goal of life.

QUIET GUANTANAMO—Family area of Guantanamo, Cuba, where only a short time ago children played and women attended to household duties, is strangely quiet since the recent evacuation of 1,200 wives and 1,000 children. Aerial photo reveals outdoor movie lyceum and vacant tennis courts, basketball court and baseball diamond. Guantanamo was transformed, almost overnight, from a family town into an armed camp as large-scale military buildup began.

from a requested \$12,000 scale two years ago to \$10,800.

Ford's three top assistants, who now make \$9,000 a year, were given \$600 raises. They had asked for \$10,000 yearly.

Four other changes were made in the budget of the Education Department.

The council allocated \$4.5 million a year for the state contribution to the Teacher Retirement System. This was one on a gentlemen's agreement that the figure was arbitrary and would be substituted for an amount that would suit all parties before a bill is drawn up for presentation to the legislature.

An appropriation of \$6 million the first year and \$6.5 million the second year of the biennium had been sought by the department. Two years ago Faubus led a fight that reduced the state's participation in the system from a requested \$6 million to an average of \$3.8 million each of the past two years.

This year Faubus made no recommendation on the amount. Mississippi County Rep. L. H. Autry, a school superintendent, said he would attempt to work out a compromise with school forces before the legislature convenes.

A budget of \$147,300 a year for the Military Department was approved. This was the same amount the department got two years ago and the amount it had sought.

The council followed Faubus' recommendation in approving a \$96,400 budget for the Insurance Department. It asked \$99,200 this year and had received \$76,500 two years ago.

lies around the world were asked to pray for his recovery.

A Vatican communique said the anemia—a blood deficiency—resulted from an aggravation of symptoms of "gastropathy," for which the 81-year-old pontiff has been for some time under necessary medical and dietary treatment.

Vatican sources said Pope John awoke "full of spirit" this morning but he was kept in bed in his apartment under the close watch of his doctors.

The Pope also has suffered for years from a prostate condition, and there had been reports surgery might be necessary.

One medical authority here said the term "gastropathy" could mean a simple stomach disorder or a serious ailment, such as an ulcer. The authority said the general term "gastropathy" would

years from a prostate condition, an indication that the stomach disorder was a separate ailment.

The communique made no mention of a prostate condition.

Pope John was 81 just last Sunday. The medical authority said anemia could be serious in a man his age—but not necessarily.

Apparently Pope John himself has been concerned about his health for some time.

On Sunday, after celebrating a birthday mass, he said: "We are at the start of our 82nd year. Will we arrive at the end of it? We are not excessively concerned. Any day is a good day to be born and any day is a good day to die."

After the paper was published he received a letter which read: "Cancel my subscription; you're getting personal."

Nehru Gets Letter From Red Leader

By ALAN M. KENNEDY

NEW DELHI, India (AP)—Prime Minister Nehru received a letter from Premier Chou En-lai of Red China today as both sides maneuvered on the diplomatic front for support in the Himalayan border conflict.

India continued to send troops to the battlefronts quiet since a Chinese-imposed cease-fire eight days ago.

A Foreign Ministry spokesman declined to disclose what Chou had to say in his letter to Nehru.

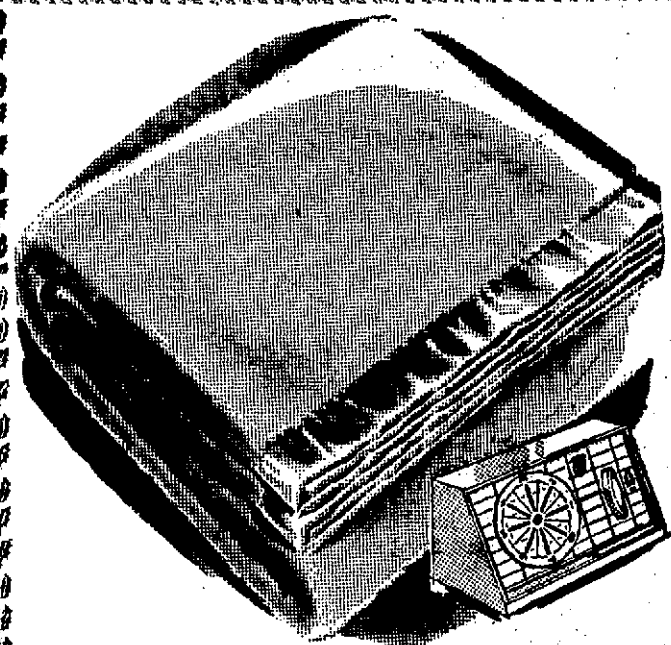

But the spokesman told newsmen that previously received Chinese cease-fire proposals have become more confusing.

The spokesman was referring to clarification for which India has asked last week.

He said India still is considering the proclamation that halted the fighting but was unable to clear up points under which the Red Chinese proposed to withdraw from Himalayan positions as a forerunner to peace talks.

The Chinese proposed both sides pull back 12½ miles from what they called the actual line of control in November 1959. This is the line they presently hold in Ladakh, in northwest India, and would give the Chinese control of a considerable amount of territory India claims.

Coming and Going

Mr. and Mrs. H. O. Kyler took their grandson, Stevie Kyler, home to Russellville this past weekend and visited the H. O. Kyler, Jr. family.

Chapter AE of PEO Met Nov. 27

Beautiful roses were seen in the home of Miss Mable Ethridge and Mrs. W. Y. Foster Nov. 27 when they entertained Chapter AE, P.E.O. in the absence of the president, Mrs. Herbert Stephens, the vice-president, Mrs. Lynn Harris conducted a brief business session.

After reading the biblical Christmas story, the chaplain, Mrs. Rufus Sorrells, gave a devotion on Christmas in the home. Mrs. Foster had the program, "Women in the Home." During the process of activity connected with it, each person present received an arpon and a recipe.

For refreshments, a dessert plate and coffee were served to 18, including one guest, Mrs. Paul Rawson of Webb City, Mo.

Bridge Club Meets

Mrs. Tom Wardlaw had three club guests at the meeting in her home of a local bridge club, Tuesday, Nov. 27. They were Mrs. Tom Kinser, Mrs. C. P. Tolleson, and Mrs. R. E. Cooper.

Roses were used as floral decoration. High score prize went to Mrs. C. C. Lewis, and the game prize to a guest, Mrs. Cooper. Pie and coffee were served for refreshments.

Mrs. Florence Hyatt, program leader, will present "Seeking remedies for unjust discriminations against women."

Bride-Elect Welcomed With Showers

Miss Sue Moore, bride-elect of Kenneth Gilliam, was honored with two entertainments this past weekend. On Friday afternoon, Nov. 23 Mrs. James Gilbert, Mrs. Ansley Gilbert, and Mrs. Jim Cole had a kitchen shower for her in Mrs. Cole's home.

The honoree wore a navy and white ensemble and pinned a white daisy corsage at her shoulder. A corsage of yellow mums was given her mother, Mrs. Norman Moore. Among those enjoying the party was Mrs. J. V. Moore, Sr., grandmother of the bride-to-be.

The many nice gifts received by Miss Moore included one of cornflower from the hostesses. For refreshments, pie and coffee were served to 16. These included Mrs. Dave Ryker, Little Rock; Mrs. Bill Hairr, Fayetteville; Mrs. Johnny Deaton, West Memphis; Mrs. Winston Duke, Arkansas; and Miss Mary Margaret Daniels, Ft. Worth, Tex.

Mrs. Manuel Hamn had a snack breakfast at 10 a. m. Sunday, Nov. 2 at the Barlow for Miss Moore. For this entertainment, she wore a black knit dress with a black and white sweater and pinned a clever corsage of simulated strawberries at her shoulder.

At a table centered with an electric bird fountain, fruit and purple mums also were used as decoration. Those attending included Mrs. Moore, mother of the honoree, and her fiancée's mother, Mrs. Guy Basye. Miss Carole Coop poured the hot spiced punch, and assorted tidbits were also served.

The guest of honor received a gift of silver. Out-of-town guests were Mrs. Fielding Huddleston of Naples, Tex., aunt of the bride-elect, Miss Mary Margaret Daniels of Ft. Worth, Tex., and Mrs. Winston Duke of Arkansas.

Homemaker HD Club

Mrs. Cecil McCorkle entertained the Homemakers Home Demonstration Club on Nov. 27. To open the meeting, the Home Demonstration Club Woman's Creed was read in unison. Those present also sang "Count Your Blessings."

"Joyful Noise" was the devotion which the hostess took from Psalms 100. Each member answered the roll call by telling "What Makes a Dress Look Home-made To Me." Mrs. George Hartsfield read the minutes and gave the treasurer's report.

During the business meeting which the president, Mrs. Archie Smith, conducted, looked at pictures of the child at the Children's Colony which the club has "adopted." Mrs. Roscoe Bowden, Clothing Leader, demonstrated the proper way to make pockets.

Besides the eight club members, little Miss Regina Renshaw and HD Agent Mrs. Bettie Duncan also attended. They were served coffee, cold drinks, and cookies for refreshments.

The next meeting will be the Christmas party on Dec. 13 in the home of Mrs. C. L. Roberts.

Killed in Wreck

RUSSELLVILLE, Ark. (AP) — Harold McCuin, 30, of Appleton in Pope County was killed Wednesday when he was struck by the rear wheels of a lumber truck he had jumped from after it lost its brakes. The accident occurred on state Highway 124 about five miles northeast of Russellville. Appleton is in Pope County.

Thant Okay by Both U.S. and Russia

By WILLIAM N. OATIS
UNITED NATIONS, N.Y. (AP) — The Soviet Union and the United States were reported agreed today that U. Thant of Burma should be kept as U.N. secretary-general until late in 1966.

Diplomatic sources said the Security Council would meet Friday to recommend Thant's election, and the General Assembly would meet later in the day to elect him.

Thant will be elected for a full five-year term, but in accordance with his stipulation the term will date from the day he took office as acting secretary-general, Nov. 3, 1961. Thant reportedly wants to retire in 1966—when he will be 57—for personal reasons.

Thant, formerly Burma's chief U.N. delegate, was elected last November to be acting secretary-general until April 10, 1963, the date of the expiration of the second five-year term of the late Secretary-General Dag Hammarskjöld had been killed the previous Sept. 17 in a plane crash near Ndola, Northern Rhodesia.

The diplomatic sources said the Burmese diplomat wants to uphold the statutory title of secretary-general and the statutory principle of a five-year term but does not want to serve another five years in the office.

The informants said Soviet-U.S. agreement to Thant's election was reached Wednesday at a meeting of American and Soviet negotiators on the Cuban crisis. They said the Soviets had held up their consent previously in the hope of first getting an agreement to settle that crisis.

The meeting was held at Soviet delegation headquarters. Attending were Soviet First Deputy Premier Anastas I. Mikoyan and First Deputy Foreign Minister Vasily V. Kuznetsov; Chief U.N. Delegates Valerian A. Zorin of the Soviet Union and Adlai E. Stevenson of the United States, and Chairman John J. McCloy of President Kennedy's Coordinating Committee on Cuba.

The Soviets earlier had backed off from their original proposal to replace the secretary-general by a three-man troika board. Had they pressed it, they would have had to veto Thant in the Security Council.

India Keeps Building Up at Front

By ALAN KENNEDY
NEW DELHI, India (AP)—India sent more troops to the Himalayan front today and prepared to send more diplomatic teams abroad in a battle with Red China for the moral support of the non-aligned nations.

An Indian spokesman announced that in addition to two special diplomatic missions now in Africa and Asia, India will send teams to other parts of the nonaligned world as needed.

Their purpose will be to convince neutralists that India is right and cannot accept the Chinese terms for a settlement of their undeclared border war.

The Communist Chinese, at the same time were rushing their own diplomats and diplomatic messages to Rangoon, Cairo, Jakarta and Colombo to counter the Indian campaign.

British Commonwealth Secretary Duncan Sandys unexpectedly hurried back to New Delhi for a one-hour talk with Prime Minister Nehru. Sandys had been in Pakistan talking with President Mohammed Ayub Khan, trying to allay Pakistani fears that U.S. and British arms sent to India would be used against Pakistan.

Sandys would not say what he and Nehru talked about.

In the military field all eyes will be on the Himalayas Saturday. The Chinese have promised to begin withdrawing their troops that day from substantial parts of the areas they have seized.

Some Western military observers find it hard to believe the Chinese actually will pull back.

Temperatures Generally Mild

By THE ASSOCIATED PRESS
Mild temperatures continued to favor Arkansas today and little change in the weather picture is expected until the weekend.

The Weather Bureau at Little Rock said skies over the state will continue cloudy and temperatures will be higher than usual through Saturday.

Rain is expected to fall over some sections of Arkansas beginning late Saturday but will move out of the state by Monday.

The warmest places in the state Wednesday were Little Rock and Texarkana. Both had high temperatures of 63. The coolest place in the state was Mountain Home, which recorded an overnight low of 33.

The only precipitation reported in the state were traces at West Memphis and Greer's Ferry.

Government Big Factor in All Things

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Doing business today—or making a living—or planning for your or your children's future—increasingly involves you with your governments at their various levels.

On every corporation's and individual's calendar are three question marks: taxes, government spending, and the offspring of the two, Treasury deficits and borrowing.

In today's changing climate for management, labor and consumers, what the federal government does about these three might mean rainy days, or storms.

The complicated federal tax system determines much more of business thinking and planning than it did a generation back. The system

affects many a firm's performance, as shown both in the profit and loss sheet and in the price curve of its shares on the stock market.

Rising state and local taxes also play a big role in business decisions and balance sheets. Often they determine where new plants are built sometimes where old one can hang on. Taxes influence the well-being of employees and their attitude to their present jobs and location.

The change that 1962 has pointed up in business prospects and in economic growth bolsters the plan to revise the old federal tax system. The administration says it will ask Congress to lower rates, both corporate and individual income levies, and to reform the system in general. This includes closing loopholes dear to the hearts of some industries, business executives and individuals.

Thus today, as business tries to adjust to new conditions governing profits, pricing and labor relations, it wonders what tax changes Congress may finally make, and

their timing. Some observers doubt that tax cuts in themselves will spur as much of an increase in consumer spending for goods, or business spending for new equipment, as the administration hopes. But most of those heard from say it will have a big, and perhaps deciding, effect in getting the economy moving faster next year.

Government spending plans are just as much on industry's mind as it adjusts to today's conditions. The power of the federal dollar, especially as reflected in the stock market, is shown by awarding a development contract for a radically new jet fighter to General Dynamics and Grumman Aircraft. Changed overnight were the prospects for more jobs, as well as more profits.

Government spending pumps money into the economy; government taxation takes money out of it. Next year the plan is to take less money out by cutting tax rates and to pump more money in by increasing spending. The theory, at least, is that the two actions will give the economy a big nudge.

20,000 See Yule Parade

HOT SPRINGS, Ark. (AP) — A crowd estimated at some 20,000 persons turned out Wednesday night to witness the twice postponed 18th annual Pilot Club Christmas parade through downtown Hot Springs.

The 40-unit parade, considered one of the largest in Arkansas, officially opened the Christmas shopping season in this Ouachita mountain resort city.

Police Chief Milford Sanders, who estimated the crowd, said the parade attracted spectators from all over central Arkansas.

The parade originally was scheduled to Monday night, but rain forced its postponement until Tuesday night when rain again dampened the holiday spirit.

It also may give the Treasury a big deficit. And the debate over what that may mean to prices, wages, profits, savings and interest rates is setting businessmen against businessmen, just as it is economist against economist.

Changes His Mind, Writer to Trial

By THE ASSOCIATED PRESS
BIRMINGHAM, Ala. (AP) — Judge Frances Thompson, in a stunning reversal, Wednesday, ordered the trial of newspaper editor James E. Mills on charges of violating the Alabama election law.
Thompson first upheld a motion by Mills' attorneys to dismiss the case, but reversed himself several hours later and set the trial for Friday at 2 p.m.
Mills, a Little Rock native who

When to Fish or Hunt Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

	Minor	Major	Minor	Major
	A.M.		P.M.	
Wed ..	6:05		6:20	12:10
Thurs ..	6:55	12:40	7:15	1:05
Fri ..	7:50	1:35	8:15	2:05
Sat ..	8:50	2:35	9:15	3:05
Sun ..	9:50	3:35	10:15	4:05

begin his newspaper career on the Pine Bluff, Ark. Commercial in 1921, is charged with electioneering and soliciting votes by the publication of an editorial on Nov. 6, election day, urging that voters adopt a proposal to change Birmingham's form of city government.

Voters approved the measure. It is unlawful, under Alabama's corrupt practices law, to solicit votes on election day. Conviction on a misdemeanor charge of violating the law carries a maximum penalty of \$500 fine or six months in jail.

An effort to get the case to higher courts to determine the constitutionality of the Alabama Corrupt practices act was apparently behind the legal maneuvering in the case.

Both sides had wanted to appeal Thompson's first ruling. Kenneth Perrine, Mills' attorney, had filed a demurrer challenging validity of the complaint. Thompson sustained the demurrer and circuit solicitor Emmett Perry immediately filed an amended complaint.

The amended complaint merely clarified a few facts such as to specify that one particular event

Win Over SMU Means Bowl Bid for TCU

The Texas Christian Horned Frogs have more than the traditional arch-rivalry to spur them on to a victory over Southern Methodist in the Cotton Bowl Saturday—it's their big hope for some sort of a bowl bid.

The Horned Frogs, who have already clinched third spot in the Southwest Conference grid race, are counting on a victory Saturday to increase their season record to 6-4 and their loop mark to 5-2 in hope they will attract some bowl's invitation committee.

"We realize we may not get a bowl bid," said end Ben Nix during the Horned Frogs workout Wednesday, "but we know there's no way we can get one without beating SMU." Despite the absence of a bid from the Gotham Bowl in New York there was no letdown in Wednesday's drills at Fort Worth.

The TCU-SMU game at Dallas and the Baylor-Rice tilt at Waco Saturday wind up the league's competition for the season. All other teams completed their loop play last weekend with Texas winning the conference crown and host spot in the January 1 Cotton Bowl Classic and Arkansas tapped for the Sugar Bowl, capturing the runner-up spot.

The Southern Methodist Mustangs, battered and bruised from last Saturday's encounter with Baylor, rehearsed their offensive plays and their defensive assignments Wednesday for the TCU game. Fullback John Ed Clarke, who missed the Baylor game because of a leg injury, is expected to see limited action against the Horned Frogs.

Three Rice University backfield stars — quarterback Randy Kerbow and fullbacks Russell Wyatt and Paul Piper—remained on the injury list as the Owls worked out Wednesday. John Eskridge, an unsung senior quarterback who is now working in Kerbow's spot, may start against Baylor Saturday.

At Waco, the Bears worked out in bright sunshine after two days of soggy weather training. It was the last hard drill before the Rice game with emphasis on pass patterns, pass protection, and the running attack.

A Rice victory Saturday would give the Owls fourth place in the final loop standings but final victories still wouldn't pull SMU and Baylor, now tied for sixth, out of the second division.

neys for both sides assumed, they said, that it would be just a matter of routine that the judge would sustain defense counsel's demurrer to the amended complaint.

But when court resumed after a recess for lunch, the judge asked the attorney if they were ready to proceed.

Perry had appealed to the judge to say why he dismissed the charge.

The solicitor pointed out that the state could appeal only if a constitutional question were the basis for Thompson's ruling.

"This question is so important —whether the legislature had the right to pass this law," Perry said.

"The state deserves to have a final court of jurisdiction pass on the constitutionality of the corrupt practices act, whether you can solicit votes on election day," Perrine had agreed. He said: "We are not opposed to testing the law on any point."

Perrin argued Tuesday that the act was invalid because it is so "vague and indefinite" as to abridge freedom of speech and press as guaranteed in both the U.S. and Alabama Constitutions. If carried to its illogical con-

AFL Loop Has Plenty of Trouble

By ED CORRIGAN

Associated Press Sports Writer
NEW YORK (AP) — With the annual drnt meeting scheduled in just two days, troubles, problems and headaches continued to beset on a victory over Southern Methodist in the Cotton Bowl Saturday—it's their big hope for some sort of a bowl bid.

"The Horned Frogs, who have already clinched third spot in the Southwest Conference grid race, are counting on a victory Saturday to increase their season record to 6-4 and their loop mark to 5-2 in hope they will attract some bowl's invitation committee.

"We realize we may not get a bowl bid," said end Ben Nix during the Horned Frogs workout Wednesday, "but we know there's no way we can get one without beating SMU." Despite the absence of a bid from the Gotham Bowl in New York there was no letdown in Wednesday's drills at Fort Worth.

The TCU-SMU game at Dallas and the Baylor-Rice tilt at Waco Saturday wind up the league's competition for the season. U.S., Belgian Plan to Be Published

By TOM HOGE

UNITED NATIONS, N.Y. (AP) —The U.N. was expected to publish a new United States-Belgian plan today to sap secessionist Katanga's economic strength by shunting some of its mineral exports through a Congo port.

President Moise Tshombe of Katanga has upheld his independence of the Congo for the past 16 months with some \$40 million a year in royalties and taxes from Union in royalties and taxes from

past 12. The cause—"Beat Navy" which is printed on gigantic banners down to T-shirts—is the chief reason Dietzel was hired away from Louisiana State. The air has become charged with an electric feeling of confidence about the mission for Saturday afternoon at Philadelphia Stadium against the Middies.

"We've had our game plan set for over a week," Dietzel said. "Nothing Navy says will change our thinking."

The reference was to Navy's charge, through a letter to the Eastern College Athletic Conference that Army may be using an illegal hand-off on its kickoff re-

turn play. "We don't knowingly teach anything illegal here," Dietzel said. "Navy is just trying to upset with psychological warfare before the game."

ready for a while of an e.e. against Navy Saturday. "The seniors are well awa they haven't beaten Navy as vs city players," Dietzel continues today.

Not only has Army lost the straight, the Cadets have won it two of the last eight, three of it

Each Nation Was Caught in Big Lie

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—It will be a kind of "aw-fellows-let's-start-all-over-again" meeting when President Kennedy confers at the White House Thursday with Soviet First Deputy Premier Anastas I. Mikoyan.

The last time Kennedy met with one of Premier Khrushchev's right-hand men, Foreign Secretary Andrei Gromyko, the Russian led to him. He said Soviet weapons in Cuba were defensive when Kennedy already knew they were offensive missiles.

If nations acted like people, one would be enough for a lifetime and the United States would sever all relations with the Soviet Union. But nations don't since they're all realistic enough to know none of them is perfect.

The biggest embarrassment a nation can suffer is to be caught in a lie, as Russia was on the missiles and the United States was when it first led by saying the downed U2 plane in 1960 was not a spyplane.

Besides, a lot happened since Gromyko saw Kennedy last Oct. 16.

Kennedy called Khrushchev's backed up sheepishly like a man caught with both hands in the cookie jar and carted his missiles away. He didn't apologize and nobody called anybody names.

This must have been, despite the tremendous sense of crisis, one of the quietest showdowns and backdowns in history.

And just because it worked out that way the door was left open for both sides to go on almost as if nothing had happened and in the end—although this seems bare-

Churchill Is 82 But Can't Leave Home

By EDDY GILMORE

LONDON (AP)—Sir Winston Churchill will celebrate his 82nd birthday Friday probably more quietly than any anniversary of his long public life.

As his years upon this earth have lengthened, each birthday anniversary has generated a swelling flood of presents and greetings from well-wishers all over the world.

Thousands come in from people he doesn't know—people who've never seen him but who look on him as the living image of an incomparable fighter.

Over the last 10 years—by special messengers, squads of telegraph boys and postoffice trucks—presents and greetings have poured into his London home.

Friday expected to bring another avalanche of greetings but Churchill plans a quiet day.

"He will see only his family and very close friends," said his private secretary, Anthony Montague Browne.

Asked if Sir Winston would make his traditional birthday visit to the House of Commons, Browne replied:

"No, I'm afraid not." Sir Winston is very feeble. He is far from senile, but he walks with considerable effort, is deaf and has good days and bad days.

On a bad day, his mind often isn't clear. On good days, it's splendidly lucid.

One of his close friends—a former military man—visited him recently and later confided to friends:

"It's all very sad. He could remember almost everything about World War I but very little about World War II, the one he did so much toward winning."

Yet on other recent occasions—when he was enjoying a good day—he not only discussed World War II but the present state of the world as well with clarity and wisdom.

A birthday dinner is planned for Friday, but it'll be a small one. Mrs. Maria Floris, who for 21 successive years has baked a cake for Sir Winston, will do it again.

A professional baker, she plans a light fruit cake. Her cakes are usually saturated with brandy—one of Sir Winston's favorite drinks.

At 80, he's still the unpredictable Churchill. In 1960 and this year, he suffered serious falls.

With each mishap, he broke a bone. When people all but gave up hope for him, he made great rallies, rose from his injuries and got well.

ly possible—might make for better relations. "Almost" is a very important word in the relationship because those who never quite trusted Khrushchev will have even a harder time doing so now since his game with the missiles could not have been more deadly.

He was the one who preached peaceful coexistence which, in view of what happened, now sounds like a kind of sleepy-time song intended to lull the children to sleep while the old witch came and blew their house down.

It was a bewitching trick he tried: installing missiles in next-door Cuba to be sed anytime thereafter to blackmail, and even try to demolish it that became necessary, the United States.

The two powers have a batch of unsolved problems, and Kennedy and Mikoyan can talk about some of them. But no one is daring enough, or maybe giddy enough, to predict they'll solve any of them.

To the surprise of both sides, no doubt, they now find they have a mutual problem where before only the United States had it. This is Fidel Castro, who is probably as much miffed at Russia for backing down as he is at this country.

He must have been an intense problem for the Russians. Otherwise, Mikoyan would hardly have found it necessary to spend 24 days with him, especially since Mikoyan's wife died in Russia shortly after he got to Cuba.

It has been suggested that if Khrushchev really suffered a change of heart after Cuba his first opportunity to show it would be at the disarmament talks that opened this week.

But after the first session Monday at Geneva Arthur S. Dean head of the U.S. delegation, reported no change at all.

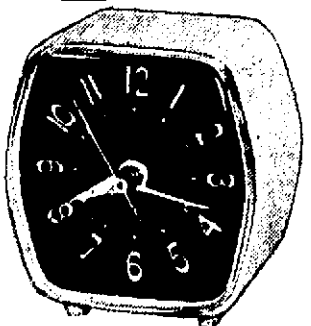

Builder Succumbs

CONWAY, Ark. (AP)—Charles W. Jones, 76, a retired building contractor, died in a Conway hospital Wednesday. He was a native of El Paso, Ark., in White County. Survivors include his widow and three sons, Charles W. Jones Jr., and Frank L. Jones, both of Port Smith, and John Hartley Jones of Kissinger, Md. Funeral services will be Friday at Conway.

Bowl Bound Porkers Set New Records

FAYETTEVILLE, Ark. (AP) — Arkansas' 1962 Sugar Bowl-bound Razorbacks have re-written many Porker football records.

When the final totals of the regular season were tabulated, at least seven new team marks were in the books and a host of individual performances will take their place among all-time leaders.

Here's a glimpse at the team records left by the '62 edition of the Razorbacks:

- A total of 286 points in a regular season. The old mark was 33 established in 1911.
- An total of 40 touchdowns in one season. The old mark was 33 established in 1911.
- A total offense mark of 3,570,

bettering the previous high of 3,104 set in 1957.

A record total rushing mark of 2,412 yards. The old record was 2,343 yards set in 1963.

An all-time record number of first downs—190, compared to the previous record of 164, established in 1961.

A defensive record for yards gained rushing by opponents—918—as compared to the previous record of 1,145 yards set last year.

Bully Moore's 84 points ties Garland Beavers' total in 1928 and is only one point short of an all-time scoring record set by George Cole in 1927.

Tom McKnelly's 33 extra points of 37 attempts is an Arkansas record for placements in one season. Jerry Lamb's 23 passes caught is the best figure in 11 years at the university.

Ladyslippers, a form of orchid, blossom profusely from May and June until October in Arkansas.

India Keeps Troops Going to Front

By ALAN KENNEDY
NEW DELHI, India (AP)—India rushed more troops to strengthen her border defenses today while engaging Communist China on the diplomatic front.

U.S. Air Force transport moved men and supplies toward the lines where the Chinese cease-fire continued in effect for the seventh day.

Prime Minister Nehru's government was trying feverishly to rebuild Indian forces shattered by the lightning Chinese offensive in the Himalayas.

Diplomatic missions were winging to capitals of key African and Asian neutralist nations to plead India's case and to counter Peking's massive propaganda drive.

Law Minister A. K. Sen was due in Cairo today to confer with President Gamal Abdel Nasser and was to go to Ghana Friday.

Nehru's top deputy for foreign affairs, Mrs. Lakshmi Menon, flew to Rangoon to talk to Burmese leaders before going on to Cambodia, Indonesia and Ceylon.

An hour before Mrs. Menon arrived in Rangoon, Chinese Vice Foreign Minister Huang Chen left for Indonesia after an overnight stay during which he met high army officials and the head of Burma's military government Gen. Ne Win.

Observers waited to see if the Chinese troops would withdraw from the northeast frontier territory and parts of Ladakh on Saturday as they promised to do in their cease-fire proclamation of Nov. 21.

Even if they do withdraw, the Indian government is still talking about putting its border pickets back where they were before the Chinese advance in October. The Chinese said any such Indian advance would violate the cease-fire and would be met by Chinese bullets.

There's a community named "Tomato" in Mississippi County, and one called "Turnip" in White County.

Fast 'n Fancy Fruitcake

For gifts, for snacking, or to serve with pride at your holiday open house, there's nothing quite like rich, moist fruitcake. This recipe fits the busy season's schedule nicely, too, because it starts with Date Bread Mix. With a few quick additions you'll have a loaf or individual fruitcakes as full of goodies as a Christmas stocking.

Date Fruitcake
1 package Date Bread Mix
1 cup chopped pecans
1 1/2 cups chopped candied fruit
1/2 cup raisins

Prepare Date Bread Mix adding candied fruit, pecans and raisins with the dry mix. Bake at 350 degrees for 65 to 70 minutes. Glaze with warm corn syrup and garnish with candied fruit. Cool thoroughly before slicing.

MINIATURE FRUITCAKES: Bake in 24 paper-lined or greased muffin cups for 30 to 35 minutes.

Rules Mayor Can Serve on Board

LITTLE ROCK (AP) — The attorney general's office ruled Tuesday that Mayor Elect Una May of Waldron can continue to serve on the board of governors of the Scott County Hospital.

The opinion went to Scott County Judge Glenn Abbott who appointed Mrs. May to the hospital board in August 1961. Mrs. May was elected mayor in the Nov. 6 general election and will take office Jan. 1.

Atty. Gen. Frank Holt said Mrs. May could hold both positions as long as there was no conflict of interest. He said the constitutional prohibition against holding two public offices at the same time applied only to state positions.

Petit Jean Slate Park has a 75-foot waterfall.

Opposing Plans on Rural Roads

LITTLE ROCK (AP)—A Legislative Council committee received opposing ideas Tuesday on how improvement of rural roads should be handled.

F. R. Oliver, director of the Highway Department, proposed to the Roads and Highways Committee of the council, creation of a state system of farm to market roads or addition of certain roads to the state highway system.

Chairman Ray Sikes of the County Judges Association asked an additional \$3 million a year from highway revenues with construction of roads to be administered by the counties.

Oliver opposed any shuffling of funds of his department, saying, "the state Highway Commission thoroughly believes that maximum benefits to the economy of Arkansas and to motor transportation in this state are being obtained under the present distribution of all available revenues."

Last year the state highway fund was 60 per cent of gross revenues, or \$34,693,211, while the counties got 13.4 per cent, or \$7,773,945. Any additional funds for the counties would come from the highway fund.

Highway Commissioner Trumar Baker told the council he sympathized with problems of counties in improving rural roads. "But we just don't have the revenue," he said. "Maybe this is a good time to tell the people we have to have money before we can do the work."

"I don't care who builds the roads. And I feel the people don't mind paying for something they know they're going to get," he added.

He urged county judges to educate their constituents to the need for more money.

In three moves, the committee: Opposed broadcast addition of county roads to the state system, directed subcommittees to begin studies to determine if a 1959 act setting up a farm-to-market road system could now be implemented and to find means of obtaining additional road building money.

The 1959 act, which would set up a division in the Highway Department to administer a county road fund and help with engineering of such roads, was not implemented because it did not carry an appropriation.

Oliver said surveys show that 86 per cent of the secondary road traffic in Arkansas is on state highways and said giving more money to the counties would cut down on state construction projects.

Sikes, of Little River County, said the taxpayers could save money if the counties administered the roadwork. The counties, he said, could do road work for \$3 million that would cost the state Highway Department \$8 million to complete.

Oliver replied this had not been proved, if counties were required to build roads to state standards.

Sikes said the county judges were not as interested in "first class" roads as they were in "roads adequate for travel and to promote growth within the counties."

Allotment of \$3 million would mean an average of only \$40,000 per county. This would build only two to five miles of roads, the judges agreed.

He protested that funds for county highway projects had increased only from \$5,507,692 in 1951 to \$7,933,284 in 1960 while appropriations of the Highway Department had more than doubled, from \$39 to almost \$86 million, during the same period.

Highway Commissioner Arml Taylor said the federal interstate highway program has been introduced since 1951 and while the federal government pays 90 per cent of the cost, the construction costs \$1 million a mile.

More Votes Cast in Senate Race

LITTLE ROCK (AP)—Complete but still unofficial returns from the Nov. 6 general election recorded today in the secretary of state's office show 4,744 more votes were cast in the U.S. Senate race than in the governor's contest.

A total vote of 312,680 in the race between Sen. J. William Fulbright and Republican Kenneth Jones split 214,867 for Fulbright and 97,813 for Jones.

The governor's total of 308,136 was divided 225,648 for Gov. Orval E. Faubus and 82,488 for Republican Willis Ricketts.

Tabulation of complete returns had been held up for more than a week because Monroe County had not filed its official report with the secretary of state.

The report arrived in today's mail.

Deputy Secretary of State David Glover said the tabulation would not be official until running totals had been checked against the totals on master sheets filed by the counties for possible errors in transposing the figures from one sheet to another.

EL DORADO, Ark. (AP)—Word has been received at El Dorado of the death last Saturday of Dr. Samuel T. Busey, 95, of Rising Sun, Md. Busey's discovery of oil in Union County brought excitement in 1921. The well blew wild and covered El Dorado with a fine mist of oil. Busey died in an Elkton, Md. hospital and was buried in Media, Pa.

Got Offer to Shave Points, Player Says

NEW YORK (AP) — A former Alabama basketball player has testified that Jack Molinas offered him \$2,000 to shave points in two games, but only paid him \$200.

Leonard Kaplan, 24, of Baltimore, former University of Alabama player, testified Monday he tried to collect the money due him for more than a year, but Molinas never paid up.

Kaplan, testifying in Molinas' basketball scandal trial, said Molinas told him he had the money invested in a land deal in Florida.

Molinas, 30-year-old Brooklyn attorney and former Columbia University basketball player, is charged with bribing a Bowling Green, Ohio, University player to fix three games in 1959, with conspiracy in attempting to fix 25 college games involving 12 schools, and with procuring a witness to commit perjury.

Kaplan said Molinas visited him in Baltimore "around two or three weeks ago" and "told me his position was that he had never done any of these things."

The indictment charges that Kaplan was offered \$1,000 to shave points in Alabama games with Tulane, Feb. 14, 1959 (Alabama won 74-72 and a similar amount to lose a game with Auburn, Feb. 28, 1959 by more than nine points (Alabama lost 69-50).

Only Single Amendment Is Passed

LITTLE ROCK (AP)—Arkansas voters passed Amendment 54 and defeated six other proposed amendments in the Nov. 6 general election, the secretary of state's office said Monday.

Final tabulations on the races for governor and the U.S. Senate had not been received.

Secretary of State Nancy Hall said the last county reports were received Monday and Amendment 54 passed by a margin of 2,659 votes.

The measure, which will become Amendment 50 to the Arkansas Constitution, was the permissive voting machine amendment.

The proposals on the general election ballot and public responses included:

Amendment 50, to increase taxing powers of municipalities: 14,100 in favor; 169,773 opposed.

Amendment 51, which should have insured that no child be forced to attend an integrated school: 127,904 in favor; 143,721 opposed.

Amendment 52, which would have raised the salaries of county officials: 110,575 in favor; 159,474 opposed.

Amendment 53, which would have made the teacher retirement system actuarially sound: 135,484 in favor; 137,767 opposed.

Amendment 54, voting machines, 134,782 in favor; 132,123 opposed.

Initiated Act 1, which would have given 50 per cent of state revenues to public schools: 98,538 in favor; 167,063 opposed.

Referred Act 199, which would have established an automobile commission: 37,518 in favor; 212,076 opposed.

Missions Meet

LITTLE ROCK (AP)—The sixth annual Missions Symposium of the North American Baptist Association will be held at Little Rock today and Thursday. The meeting will be informal. No business sessions are scheduled.

Power Hearing Is Recessed

LITTLE ROCK (AP)—A Public Service Commission hearing on a territorial dispute between Southwestern Electric Power Co. and Ozarks Electric Co-operative was recessed Tuesday until Dec. 17 when the co-op attorneys will cross-examine company witnesses.

The main witness at the first phase of the hearing Tuesday was Herbert Holcomb of Fayetteville, distribution engineer for Southwestern, who testified that the firm had provided electric service since 1939 to some areas officially allocated to the co-op.

Another dispute between Southwestern and Ozarks was scheduled for hearing today. This involves a Southwestern request that the location of the shops of the city of Fayetteville be reassigned from Ozarks to Southwestern.

Mayor Guy Brown of Fayetteville was scheduled to testify at the second hearing.

Whitmore's recommendation stemmed from an October hearing in which he said he found ArkLa had violated the NLRB Act by firing nine men after they signed application cards for membership in Local 878 of the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America.

The nine were listed as Virgil Creed, Kenneth Lowery, Bobby Nesson, John Baxter, J. W. Harrington, Jr., James Ballard, Harold Kaufman, Donald Richards and Harold Stribling. All were employees at an ArkLa terminal warehouse in Little Rock, Whitmore said.

Ballard, Kaufman, Richards and Stribling have been rehired, he said.

Whitmore said ArkLa contended the men were discharged because of economic reasons, but failed to bring forward any witnesses or records to prove the contention.

He quoted Ballard as saying he had been told by the dispatcher at the terminal that if he had not joined the union, "I think I can get you back on."

Whitmore said the four men who were rehired were told their seniority had been broken. He recommended their seniority rights be returned and that these rights be maintained for others upon their re-employment. Payment for any loss of earnings caused by the layoff was also recommended.

He quoted Ballard as saying he had been told by the dispatcher at the terminal that if he had not joined the union, "I think I can get you back on."

Legislators After Game, Fish Group

LITTLE ROCK (AP)—Proposals to eliminate 40 jobs from the state Game and Fish Commission, to reduce executive salaries and to abolish the commission altogether came from a Legislative Council meeting Monday.

The council proposed the job cut-back and recommended the salary of Nelson Cox, director of the commission, be reduced from \$9,000 to \$8,000 a year. It also proposed reduction of the salary of Administrative Assistant T. H. Holder from \$7,800 a year to \$6,600.

The commission had recommended Cox' salary be upped to \$10,500 and Holder's to \$8,400.

The proposal to abolish the commission was made by Rep. Claude Collier of Greene County, who said he was having a proposed constitutional amendment made up for submission to the General

Assembly. The measure, he said, would put the commission back under the control of the legislature and the governor.

Since adoption of Amendment 35 to the state constitution in 1944, the legislature has had only budgetary control over the department.

Recommendations of the council are subject to approval by the General Assembly in January.

During the budget hearing several council members expressed dissatisfaction with the legalization of doe kills, what they termed the commission's refusal to accept federal aid in trapping wolves and the "ignoring of the wishes of the people."

Cox and commission member Ben Hogan appeared at the session.

Hogan told the council it was difficult to fire inefficient employees.

"The only way we ever get rid of anybody is old age," he said. "You start trying to fire a man and every politician in his area goes to work on us."

Workers Try to Recover Bodies of 97

By THOMAS J. STONE

LIMA, Peru (AP) — Rescue workers labored today at the slow and arduous task of bringing down from a rocky peak the bodies of 97 persons killed in the crash of a Los Angeles-bound Brazilian jetliner. It was aviation history's eighth worst disaster.

Nineteen of the dead were listed as Americans. There were no survivors—and no immediate explanation of the crash in good flying weather minutes before the Boeing 707 was to make a pre-dawn landing at Lima's airport Tuesday.

A Peruvian Cabinet minister, a high Cuban economic official and a California oil executive were among the 80 passenger victims. The plane carried a crew of 17. The U.S. Civil Aeronautics Board in Washington announced it was sending a high official to

join Peruvian authorities in the investigation of the crash. A spokesman said the U.S. agency wants "to learn anything we can from an accident, no matter where it occurs, because these are our planes."

An official of the Brazilian airline, Varig, said "everything was apparently going normally" when the captain suddenly declared, "This is an emergency."

Nothing more was known of the plane until its wreckage, scattered over a smoke-blackened area about 200 yards square, was found about 10 hours later on a 2,400-foot hill near the Inca ruins of Pachacamac, 15 miles south of Lima.

Twenty of the bodies were brought to a Lima morgue Tuesday night. Rescue workers left until morning the difficult task of lowering the others down the steep sides of the mountain.

Among those who died in the crash was Raul Cepero Bonilla, Cuba National Bank president and a top economic advisor to Prime Minister Fidel Castro. The Peruvian agriculture minister, Maj. Gen. Jesus Melgar, and his wife

also were killed. The American victims, included Paul A. Best, president of California Crude Sales Co. of San Francisco, a subsidiary of Standard Oil of California. A resident of Palo Alto, he would have been 52 today.

Most of the victims were burned or mutilated beyond recognition. The flight originated in Porto Alegre, a southern Brazilian city, but the major pickup of passengers was at Rio de Janeiro. The airline said 10 of the passengers had tickets for Los Angeles. The rest were bound for Latin-American points.

The Lima crash was the major air disaster in five days and the second in 24 hours involving Brazilian planes.

Approves Bonds

MORRILLTON, Ark. (AP) — Voters at Morrilton approved by a vote of 961 to 16 Tuesday a \$6.5 million bond issue to finance expansion of Arkansas Cotton Mills plant at the community. The plant will double its employees and increase output by 80 per cent. The mill manufactures corduroy.

MAN ON THE SKEWBALD MARE

By Nelson C. Nye

Continued from Page 8

THE STORY: As Rafe flees from the Pike home, where he was held a virtual prisoner, he meets Wilbur Pike in a buggy coming down the road.

By NELSON C. NYE

The girls' father, mounting, made a grab for the whip. Leaning wide for the turn, left hand locked in her mane, Rafe kneed Bathsheba hard around and sent her snorting through the crackle of brush.

"Hold on, you fool!" Pike yelled, standing up. But Rafe had had all of their care he could stomach. He might not be showing the right sort of spirit but he meant to get clear of that pair if it killed him. Ducking into the guard of his arms he kept going, booting the mare harder every time she hit ground.

He reckoned they must have made a rare sight popping up and down through the whip of that brush. He suspected he was lucky Pike hadn't a rifle. Engaged at the thwarting of so much endeavor there was no telling what a Yankee might do.

A quarter mile farther on Rafe came out of the brush on the flank of a ridge. Peering back he saw no evidence of pursuit. The only dust he could spot was being blown up through the trees back in the neighborhood of the house he'd escaped from. He reckoned that was Pike rushing home to see about Bunny.

It came over him then if he meant to slip into Dry Bottom at all he'd never have a better chance. It was dollars to doughnuts, once Red Nose got back, every able-bodied gent in reach would be put to beating the brush to retake him. They might even send for the soldiers! There wasn't nothing a Yank wouldn't do to skin a Rebel!

Just the same Rafe kept on without slackening off till he'd crossed the hump and worked far enough down along the far slope to make sure any change in direction was covered.

"Whew!" he gasped, pulling up, all a-tremble. He thought of Bunny again. He plain couldn't help it, but that didn't mean he didn't know better. There was things about a diamond-back a feller could admire. If she hadn't been a Yankee, but she was, no getting around it.

He followed the line of their north till he arrived at an out-crop thatched with juniper, and through the branches, saw the town's roofs spread out below him. Didn't look like much. Wasn't even built around a plaza. Just a single dirt street with some lanes straggling off it, hardly bigger, he thought, than Flat Rock, Ky., even if it was county-seat town. If he ever was to get re-united with his folks, county seat towns were the likeliest to hear of them.

So he had to go in, no matter what Pike had up his sleeve. Today was a Saturday best time of all. Be some risky asking questions but at least, this being a market day, he wouldn't stand out like he might on some other. He wasn't so like to be the only stray cat.

He eased Bathsheba onto the grade, letting her pick her own way. She'd been raised in the mountains and could wheel on a dime and, though she mightn't look it, she'd a heap of speed. Her pappy had been a Billy horse, according to what that breed had told him, and everybody knew Billy horses were fast, short coupled, long underneath plenty of muscles inside and out. Hadn't been for all that hair on her legs and that broomy tail with burr smated into it some Yank would have stole her long before this.

bridle. Ducking under the rail he pushed through the batwings into Jack Dahl's.

To Be Continued

Warning to Leave Berlin 4 Years Old

An AP News Analysis By GEORGE BOULTWOOD

BERLIN (AP)—Four years ago today Nikita Khrushchev gave the Western Allies six months to get out of West Berlin.

Their war-won rights of occupation. Their presence is supported by 12,500 combat-ready troops. The Communist-surrounded city is enjoying one of its most peaceful periods in years. Berliners are feeling more perky than they have in a long time. President Kennedy's firm handling of the Cuban crisis gave their morale a terrific boost.

On Nov. 27, 1961, the atmosphere in Berlin was very different. U.S. and Soviet tanks were parked near the wall dividing the city. There was a stream of incidents along the wall and on the land and air routes from the West to the divided city.

Students who tried a mass attack on it. Now things are much calmer. There is still heartache over the brutal separation of families and friends. This gets harder to bear with the approach of Christmas. Moscow's puppet regime on the other side of the wall has kept mum since Cuba. The propaganda machine no longer grinds out confident predictions that East Germany will soon have its long-promised peace treaty with the Soviet Union.

Western Allied rights in West Berlin and cut out what Khrushchev called the "cancerous tumor" inside his domain. Even after Khrushchev dropped his original six-month demand, the East German Reds kept up a steady stream of threats against West Berlin. In 1960 they said they would have their treaty out a treaty. Last year they made the same unfulfilled prediction. Since Cuba, they have scarcely mentioned the treaty.

West Berliners, wary veterans of 17 years of cold war, don't expect this to last forever. They reason that the Soviets are having to rethink their strategy after Cuba. That may take some time. Maybe long enough for the Berliners to have a peaceful, if not exactly joyous, Christmas.

Referendum on Cotton December 11

Just what a "yes" or a "no" vote will mean in the December 11 referendum on cotton marketing quotas was explained today by Claude Self, Chairman, Hempstead Agricultural Stabilization and Conservation Committee. All farmers who engaged in the production of upland cotton in 1962 are eligible to vote in the referendum.

The Chairman mentioned the fact that the Administration plans to recommend new cotton legislation early in 1963. It is anticipated, however, that such legislation would supplement rather than substantially change the basic program choices to be presented for growers' determination in the December 11 referendum.

"If at least two-thirds of the growers who vote in the referendum approve of quotas," he declared, "then the quotas will be in effect for the 1963 upland cotton crop, marketing penalties will apply to any 'excess' cotton produced on a farm, and price support at a level within the range of 65 to 90 percent of parity will be available to farmers who comply with their farm acreage allotments."

"On the other hand, if more than one-third of the growers who vote oppose the quotas, then there

will be no quotas and no penalties applicable to the 1963 upland cotton crop, and price support to farmers who comply with their farm acreage allotments will be available at 50 percent of parity as directed by law.

"Allotments are not affected by the outcome of the balloting. They will remain in effect — whether or not quotas are approved — as a means of determining eligibility for the available price support."

Mr. Self pointed out that, while the Secretary of Agriculture is directed by law to proclaim quotas for the next crop when the cotton supply exceeds normal, it is the growers themselves who decide whether or not quotas shall be used. Previous votes on the subject have been outstandingly favorable. Marketing quotas for the 1962 upland cotton crop were approved by 96.9 percent of the growers voting.

Allotments for individual farms will be made available to growers within the next few days so that farmers may have the information prior to the December 11 referendum.

No License Need

By THE ASSOCIATED PRESS
LITTLE ROCK (AP)—The state Attorney General ruled Tuesday contractors bidding on land clearing jobs do not have to be licensed by the Contractors Licensing Board. The opinion went to state Sen. Max Howell of Little Rock.

Six Dogs to Compete for Endurance

BOONEVILLE, Ark. (AP)—Final endurance runs of the 17th annual Southwestern Field Trial Championship began here Tuesday after judges qualified six dogs for the grueling two-hour runs.

The trials are sponsored by the Arkansas Association and are being held on the State Sanatorium Grounds.

War Storm, owned by B. McCall of Birmingham, Ala., and handled by John Gates of Leesburg, Ga., had one find Tuesday. Deuces Wild, owned by R. W. Riggins of Knoxville, Tenn., and handled by Don Dixon of Hatchechubbee, Ala., had two finds and three larks.

Both dogs finished strong and ran well in the opening test. Home Again Hattie will run with Safari today and Rifle Smoke with Camelot.

Home Again Hattie, reigning national champion and former free-for-all champion, is owned by Mrs. G. B. Oliver of Little Rock. The white and liver female pointer is handled by Jack Harper of Benton, Miss.

Gates handled the orange and white Safari, owned by S. H. Vredenburg of Montgomery, Ala. He also handled Camelot of Vredenburg. Herb Holmes of Springfield, Ill., owns Rifle Smoke, a white and liver male pointer. The dog is handled by Howard Kork of Panola, Ala.

What They Spent on Campaigns

Arkansans in Washington
By GORDON BROWN
WASHINGTON (AP)—With the Republicans challenging strongly in several races, this year's Congressional campaigns in Arkansas were somewhat more costly in money than in past general elections.

All the final figures aren't in yet—candidates have until 30 days after the election to file their reports—but on the basis of those available, it's safe to say there was some brisk contributing and spending.

Sen. J. W. Fulbright, D-Ark., who won reelection handily, and his defeated Republican opponent, Dr. Kenneth Jones of Little Rock, filed preliminary reports before the election.

At that point Jones said he had received contributions of \$17,325.27 and had spent \$5,301.17, not counting \$9,315.29 in personal expenditures which are exempt from the ceilings allowed by law.

Fulbright reported contributions of \$15,630 and expenditures of \$1,352.69 plus \$6,121.15 in personal

expenditures which are exempt. Under law candidates for the House are limited to general election campaign expenditures of \$2,500 and Senatorial candidates to \$10,000, but these ceilings may be lifted to a total of three cents times the number of votes cast in the preceding election.

In Arkansas the senatorial spending limit thus would be around \$12,000.

Rep. Oren Harris, D-Ark., challenged by Republican Warren Liebong of Pine Bluff, reported in his final affidavit that he received contributions of \$4,530 and spent \$2,645 plus \$430 in exempt expenditures.

Liebong reported contributions of \$3,305 and expenditures of \$2,271.95 plus \$756.25 for exempt personal expense.

Final reports are not in from the third district, where Rep. James W. Trimble, D-Ark., had Cy Carney Jr., a Republican, for an opponent.

However, their preliminary reports showed:

Trimble had contributions of \$375 and expenditures of \$275 plus \$917 in the exempt category. Carney had contributions of \$200 and expenditures of \$274 plus \$256 in the exempt category.

Reps. E. C. Gathings, D-Ark., of the first district, and Wilbur Mills, D-Ark., of the second, were unopposed. Both reported no contributions and no expenses, other than their filing fees.

Both Fulbright and Jones got contributions from their respective Senatorial Campaign Committees.

The Republican committee, Jones' report shows, gave him a total of \$5,000 in four contributions. Fulbright reported a like amount from the Democratic committee.

The Republican Senatorial Campaign committee is headed by Sen. Barry Goldwater, R-Ariz., who, in addition to contributing \$5,000 to try to unseat Fulbright, also campaigned against him.

Other major contributors to

Have Fun, Make Popcorn Treats

With the new hybrid popcorns and better methods of popping it, the ritual of popping corn is not limited. Any time is popcorn time. This time, we suggest popcorn treats. Popcorn balls and chocolate covered popcorn are two for a start.

Quick Popcorn Balls And Bars
1/2 cup dark corn syrup
1/2 cup sugar
1/2 teaspoon salt
10 to 12 cups popped corn
1/4 cup coarsely chopped red candied cherries
1/4 cup coarsely chopped green candied cherries

Combine corn syrup, sugar and salt in a heavy saucepan; cook over moderate heat for 2 minutes or until sugar is dissolved, stirring constantly. Mix popcorn and cherries; add popped corn and cherry mixture and stir over medium heat 3 to 5 minutes or until corn is evenly and completely coated. Remove from heat. Mold into balls or press into lightly greased pan (8 x 8 x 2-inches). When cool and set, turn out of pan and cut into squares. Makes 16 squares or about 10 balls.

Quick Chocolate Coated Popcorn
1 (6-ounce) package semi-sweet chocolate pieces
5 cups popped corn
1/2 cup light or dark corn syrup

Place chocolate pieces and corn syrup in top of a double boiler and heat over hot water until chocolate is melted; stir to blend well. Pour over popped corn, stir until corn is coated. Spread onto waxed paper and separate into clusters.

How to Pop Corn
If using an electric popper, fill and use following manufacturer's directions. Otherwise, pour 1/4 cup corn oil in a large heavy skillet or kettle. Heat about 3 minutes. Add 1/2 cup popcorn. Cover, leaving a small air space at the edge. Shake frequently until popping stops. Salt to taste. Makes 2 quarts (8 cups).

expenditures which are exempt. Under law candidates for the House are limited to general election campaign expenditures of \$2,500 and Senatorial candidates to \$10,000, but these ceilings may be lifted to a total of three cents times the number of votes cast in the preceding election.

In Arkansas the senatorial spending limit thus would be around \$12,000.

Rep. Oren Harris, D-Ark., challenged by Republican Warren Liebong of Pine Bluff, reported in his final affidavit that he received contributions of \$4,530 and spent \$2,645 plus \$430 in exempt expenditures.

Liebong reported contributions of \$3,305 and expenditures of \$2,271.95 plus \$756.25 for exempt personal expense.

Final reports are not in from the third district, where Rep. James W. Trimble, D-Ark., had Cy Carney Jr., a Republican, for an opponent.

However, their preliminary reports showed:

Trimble had contributions of \$375 and expenditures of \$275 plus \$917 in the exempt category. Carney had contributions of \$200 and expenditures of \$274 plus \$256 in the exempt category.

Reps. E. C. Gathings, D-Ark., of the first district, and Wilbur Mills, D-Ark., of the second, were unopposed. Both reported no contributions and no expenses, other than their filing fees.

Both Fulbright and Jones got contributions from their respective Senatorial Campaign Committees.

The Republican committee, Jones' report shows, gave him a total of \$5,000 in four contributions. Fulbright reported a like amount from the Democratic committee.

The Republican Senatorial Campaign committee is headed by Sen. Barry Goldwater, R-Ariz., who, in addition to contributing \$5,000 to try to unseat Fulbright, also campaigned against him.

Other major contributors to Jones' campaign included R. B. Snowden, with \$2,500, and Winthrop Rockefeller, with \$1,000. Forty-five individuals contributed \$100 or more each.

Fulbright put \$1,000 into his own campaign fund but his report lists no other individual contribution over \$500. In the \$500 group were Dallas P. Raney, M. S. Eccles, R. C. Branch, O. C. Bailey, H. M. Brinkley, Lloyd L. Ward Jr., C. H. Murphy Jr., and Harvey Jones.

Rockefeller also put \$1,000 into Carney's effort to unseat Harris. Carney also received \$250 from the Republican National Committee, \$200 from the Garland County Republicans and \$1,775 from rallies at Pine Bluff, El Dorado, Magnolia and Hot Springs.

Contributors to Harris' campaign fund included: Carroll Cone, Washington, \$1,000; Tom Harper Fort Smith, \$300; Henry Ford \$300; Scott W. Lucas Washington, \$250, and Mary W. Lasher, New York, \$500.

Candidates are not required to file with Congress any report of their primary campaign expenses. Nor are they required to report expenditures made by others in their behalf.
